

Hi-Desert Water District Classification Specification

Job Title: Construction & Maintenance II

Job Grade: 7

FLSA Status: Non-Exempt

Date: October 2021

JOB SUMMARY

Under the general direction of the Construction Supervisor, the position of Construction and Maintenance II operates, monitors, and maintains the District's distribution system and related facilities with an intermediate level of experience and knowledge. The Construction and Maintenance II will be assigned to complete various tasks related to the production, distribution, and monitoring of the District's water supply. In addition, this position will also be assigned to provide maintenance and support within the District's groundwater recharge program as needed. The Construction and Maintenance II is a state certified Water Distribution Operator and as such, will make decisions and perform daily duties in compliance with state and federal rules, regulations, and standards. Construction and Maintenance II employees are at an intermediate level and have a satisfactory understanding of the District's facilities and operating procedures.

ESSENTIAL FUNCTIONS *(include but are not limited to the following)*

*Class specifications are only intended to present a description summary of the range of duties and responsibilities associated with specified positions. Therefore, specifications **may not** include all duties performed by individuals within a classification. In addition, specifications are intended to outline the minimum qualifications necessary for entry into the class and do not necessarily convey the qualifications of the incumbents within the class.*
